

Trout Season

October 15 – April 15

The Kansas Department of Wildlife and Parks stocks rainbow trout in select waters throughout the state for winter fishing opportunities. There are two types of trout waters listed below: on Type 1, anyone fishing on these waters during the trout season must have a trout stamp, \$12.50, which is valid for a calendar year. On Type 2 waters, where other winter fishing opportunities are available, anyone fishing for or harvesting trout must have a trout stamp. Youth under 16 no longer need a trout stamp. All residents age 16-64 and all nonresidents 16 and older must have a current fishing license in addition to their trout stamp.

Trout stamps may be purchased wherever licenses are sold or online at www.kdwp.state.ks.us.
