For more information call 238-LEAF

Mission:Wolf is a peaceful wolf sanctuary located in the remote mountains of Colorado. They travel across the country with their ambassador wolves and this will be their **ONLY** stop in Kansas. The impact that a face-to-face experience with a wolf has on people cannot be compared to all the videos, books and photos combined.

This program is best suited for adults and children over 6 years of age. Very young children making distracting noises will shorten the audience interaction time with the wolves. Please be considerate.
